His restaurant is patronized by judges, merchants, lawyers, business men and the best class of people generally.

The "drys" are evidently not taxpayers and they would not be so willing to assume \$7,000,000 of taxes for the police, now paid by saloon licensees.

Olive oil is a food, a medicine, a condiment, a garnish and a joy forever. Its growing popularity bespeaks a great increase in the good health of the American people. It is fine for the human system; wards off disease, prevents appendicitis, cures constipation and insures good digestion. The best olive oil in the world comes from the old grand duchy of Lucania in Italy. In Lucania the finest olives on earth grow. The greatest importer of Lucania olive oil in Chicago, as everybody knows, is Albert Zel of 440 Orleans street. If you want to order this toothsome, wholesome and genuine Lucania olive oil, call up Albert Zel, Main 1035. He delivers it over Chicago and suburbs without extra charge.

HITS AUTO TRADE

The Studebaker agency reports great difficulty in obtaining freight cars to handle its business. Most of the Chicago territory is cared for from the South Bend, (Ind.) factory, however. The Ford company's local assembling plant has had difficulty in obtaining parts, which come by the carload. The Cadillac reported some overland deliveries.

The Dodge agency has had a crew of twenty men regularly on the road since before Christmas, running cars through to Chicago as fast as possible, at times making three deliveries a week from Detroit. Some of their cars are being shipped in by express. The Overland expects soon to start cross-country delivery from its factory at Toledo.

Some relief from the general freight congestion is looked for next week by local officials.

"The situation is acute," said H. C. Barlow, traffic manager of the Association of Commerce, "but the railroads are putting forth heroic efforts to relieve it. With moderate weather things will ease up in a few days."

"The combination of congested eastern terminals, severe snowstorms and extraordinary domestic traffic has been too much. The roads are handling 40 per cent more traffic than they are equipped to handle."
